XOOPSDesign.com presents one of it's most recent designs and site setup work:
www.StreamRadioRock.com
A site focused as a music news site, for the rock music fans of the spanish community, presenting also Radio streaming content (via Shoutcast).

The design is based on the Gaming V2 theme from the selection of xoopsdesign's themes and customized by GraphicMedialab of Colombia working along with the XOOPSDesign.com team, who has been working on the content adjustments and updates.
