

Tag 2.30 Final - Modules

NEWS\_PDF\_AUTHOR: trabis

NEWS\_PDF\_DATE: 2010/8/11 21:20:00

This is not a move to blue, just a final version of the famous "tag" module from phppp.

It includes a bug fix related with footer.php file inclusion.

This bug was preventing modules to make use of view.tag and list.tag pages.

Download available [here](#)!
