XOOPS 2.5.7.1 Security Patch Released - XOOPS

NEWS_PDF_AUTHOR: Mamba

NEWS_PDF_DATE: 2014/11/25 5:20:00

The **XOOPS Development Team** is pleased to announce the release of a **security patch for XOOPS 2.5.7 Final.**

This patch for XOOPS 2.5.7 corrects the following issues:

- CSRF and XSS issues reported by Dingjie 'Daniel' Yang of Web Security Lens
- XSS and best practice issues reported by Narendra Bhati

We would like to specifically thank our friends **Dingjie 'Daniel' Yang of** Web Security Lens and **Narendra Bhati**, who notified us about these issues, and to **Richard (aka Geekwright)**, our Core Team Leader, who provided the fixes.

**All XOOPS 2.5.7 users are advised to apply this patch as soon as possible.**

**Download:** You can download the patch from XOOPS File Repository on SourceForge

Any users that are running an older XOOPS version are advised to update to XOOPS 2.5.7.1 now, which includes the patch.

You can find more information about the original **XOOPS 2.5.7 release in** this article
