New Contact Module - Modules

NEWS_PDF_AUTHOR: Bleekk

NEWS_PDF_DATE: 2015/10/11 18:30:00

Hi all,

The German XOOPS Team released today a new/updated Contact module.

This module uses Bootstrap templates which makes it perfect for modern responsive websites.

Features:
- xBootstrap Templates
- Google Recaptcha (optional)
- easily included Google Maps

Please test the module and give us feedback so we can improve it.

Demo:
You can see a demo of this module here:
http://shield.xoopsthemes.com/modules/contact/

Download:
The module can be downloaded and forked here:
https://github.com/myxoops/contact

Thanks
