Dutch XOOPS Support has moved

The old URL (<http://www.jan304.org>) is no longer active, and the Official Dutch XOOPS Support site has been moved to <http://xoops.opencms.nl>. So please update your bookmarks 😊.

The Dutch XOOPS Support (DXS) website has been given a fresh new look and easy interface. Now it's even easier to find the answer to your questions!

Dutch XOOPS Support is looking for Dutch and Belgian people who want to help support the Dutch language community. We need translators, moderators, documentation writers and people who can spread the Word of XOOPS 😊. Drop me a note if you are interested!
