Broadie Car Park Powered By Xoops - YAXS

NEWS_PDF_AUTHOR: BoDGie

NEWS_PDF_DATE: 2003/10/6 17:43:55

Broadie Car Park is a very large community of designers and developers with a huge member database (approximatly 35,000) that wouldnt be able to be handled with out the features and power of xoops.

Broadie Car Park offers free webhosting with PHP and MySQL for all users of the site which is perfect if you are looking to setup your first xoops site.

Although the free hosting is aimed more at people looking to test and practice there skills, the hosting is not only limited to those people.

I'd just like to thank the developers of xoops again for keeping our site going.

Go have a look for yourself here.
