NEWS_PDF_DATE: 2003/10/13 19:48:54

XOOPS Team is pleased to announce the release of My_Downloads RC1.

My_Downloads RC1 introduces some new features outlined in the changes below:

Changes:

- Admin area has totally been re-written using XoopsFormClass
- Admin can now upload directly using the Form interface to a location which can be controlled via the config.
- File size is automatically calculated for both user and admin uploads.
- Category and Screen shot images can be directly upload and previewed.
- Uploads are controlled via mimetypes which can be set via the configuration.
- Admin can now chose to allow uploads or submissions to the website.
- Plus much more.....
