C-JAY Content 3 - Modules

NEWS_PDF_AUTHOR: forlon

NEWS_PDF_DATE: 2003/10/18 8:57:56

Just moments ago I released C-JAY Content 3.0. The only change is the adding of comments. You can now post you thought on the pages.

There are two versions:
One for the IE (with the WYSIWYG Editor). This is the Update from 2.5.
One for all others, without the WYSIWYG Editor but with the "normal" editor. This is the update from version 2.1.

Go to the Xoops Downloads here on Xoops.org

For support please go to the forum on C-JAY.net.
