piCal-0.50 released - Modules

NEWS_PDF_AUTHOR: GIJOE

NEWS_PDF_DATE: 2003/11/5 18:26:31

piCal is an independent calendar class of php.
Also this is a powerful calendar module for xoops2.

Althogh piCal is the most major module in Japan,
it worked under Japanese only.
Now, you can use piCal in English or German.
Try it!

PEAK XOOPS
