

Narga's Guestbook module - Modules

NEWS_PDF_AUTHOR: Narga

NEWS_PDF_DATE: 2003/12/3 15:17:26

Hi everyones !

In a long time to test my modules, now it release with version 1.2 (not have any older parkages).

This module have :

Requirements:

Xoops Portal 2.x forum installed.

PHP3 (>= 3.0.8) or PHP4

MySQL (tested with 3.21.x, 3.22.x, 3.23.x and 4.0.x)

a web-browser (doh!)

Feature : - Allow bbcode and smile.

- Show YIM, AIM, MSN, ICQ, Email, Homepage in each entry

- Uses Smarty Templates in the Xoops platform

In the next version may be it have:

contry flags for each entry

some more option to public your info

and ^_^

Thanks for read it

Demo at

<http://www.narga.ws/home/modules/myguestbook/>

And download it in the Downloads section ! It's free !
