

PlanetXOOPS - The XOOPS Hosting Experts - XOOPS

NEWS\_PDF\_AUTHOR: AgraJag

NEWS\_PDF\_DATE: 2003/12/17 20:30:28

[PlanetXOOPS.com](http://PlanetXOOPS.com) Web Hosting is now open and offers low cost hosting for XOOPS web sites. [PlanetXOOPS.com](http://PlanetXOOPS.com) specializes in hosting packages that are tailored for XOOPS sites. You get plenty of MySQL databases, e-mail accounts, a high transfer limit and more. We offer expert help and advice for those that are veterans or new to XOOPS, but most important we offer web servers that are designed to work with XOOPS. You can be assured that your XOOPS site will work on our servers and if you need something installed for that new or custom module, we will install it.

[PlanetXOOPS.com](http://PlanetXOOPS.com) wants to be your source for rock solid XOOPS hosting with no downtime and expert help. All this while offering some of the cheapest rates around for quality hosting that includes a TON of stuff, no stripped down packages here. Stop by and check it out today!
