By Request I have ported from PHPNuke the AQUA 3.0 theme by HangOn.

I have tried to move away a little from the design and improve it. This is the first generation and I am open to suggestions for improving it.

For your information I will be porting more themes in due course, keep an eye open on my ["Themes Download Page"](#). You can see a screen shot of the here: ["XAqua 1.0 Screenshot"](#). Or you can dowload it here: ["Themes Download Page"](#). Enjoy It - Vincent
