

Jobs Module - Modules

NEWS_PDF_AUTHOR: gorka

NEWS_PDF_DATE: 2004/3/18 18:19:45

Hello Xoopers: Here is a new module for the Xoops community.

It is a Jobs module. I think it is quite straightfoward to use . If you have any comments and/or sugestions please let me know.

This module was made by Primetime a former employe of my company. As you will see he is a good programer and an enthusiastic Xoops user.

Bye,

Jorge Alvarez
