

## Colorado Breast Cancer License Plates - News

NEWS\_PDF\_AUTHOR: rabideau

NEWS\_PDF\_DATE: 2004/4/18 20:29:54

Did you know that every three minutes a new case of breast cancer is diagnosed in the United States? Did you know that breast cancer claims a life every 13 minutes? Has breast cancer affected you, a family member, friend or co-worker? If it hasn't yet, it may.

A breast cancer awareness license plate has been submitted to the State of Colorado. This license plate will help thousands each day consider the part they can play to help eliminate this terrible disease.

There is a one time fee of \$25.00, payable to the State, for the expense to produce this very special plate. While no monies from this plate will go to fund breast cancer research, there are other ways you can help. Raising awareness by having this plate on your vehicle is one excellent way.

**We need your help!** The State of Colorado requires an order commitment of at least 3,000 sets of breast cancer plates for production to take place. We have until May 31, 2004 to collect commitments for these 3,000 plates. 🤔

Sign up for your plates today and help save lives! Click on the link that follows to go directly to sign up for the license plate, learn more about breast cancer, tell your story, or discover other ways to help:
