

Adding a Search Function to your module - simple example... - News

NEWS\_PDF\_AUTHOR: krayc

NEWS\_PDF\_DATE: 2004/4/21 6:07:07

As a newbie, I thought others might make use of this,

I've have added some info to the documentation wiki [Adding Search function to your module: click here!](#)

and you can download the files here...[Click Here!](#)
