Hack for better search engine positionning - Hacks

NEWS_PDF_AUTHOR: keyes

NEWS_PDF_DATE: 2004/5/9 15:32:26

We have realesed a hack for a better positionning in search engine in XOOPS 2.0.6.
We use a news format of URLs like page.php/My-title and we have added the title of the news/posts/files/links in the xhtml tag!
This include a special version of the Spotlight module who use our news URL format and fix many xhtml problems!

For a better positionning use our hack now!
