Since this night, [Boomtchak](#) (the biggest and oldest Nuke french community website), opens a brand new [Special Xoops topic](#).

Feel free and welcome to announce all your Xoops modules, themes, blocks, documentations, for your favorite CSM: Xoops. Feel also free to put all your friendly files (modules, themes, blocks) in our [downloads sections](#). No need to be a Boomtchak member to use it. All my best, Davduf
