

Real Estate Listing Engine Beta Now Available! - Modules

NEWS\_PDF\_AUTHOR: liquidgfx

NEWS\_PDF\_DATE: 2004/6/16 10:04:34

After Lots of hair pulling we have worked out all the problems & successfully converted the module from Exoops to Xoops.

There is now a beta available for you guys to download & play with. you can download it here

<http://devforge.liquidgfx.com/xoops/>

You must register to download & use the forum and there is also a demo available.

If you have any problems with the Beta please lets us know in the forum.  
On our Xoops site (same as listed above)

This is the first time we have used Xoops 2.0.x and this is our first Module for the system. We hope you enjoy it!
