A simple module which provides searching through XOOPS comments (xoopscomments table).
It appears just as another module in Advanced Search options.
You may see it working at http://www.zk-p.pl/search.php - look at "Komentarze" module, search
for e.g. "centrum" phrase.
Module is available at https://xoops.org/modules/mydownloads/singlefile.php?cid=24&lid=748
