

Eton Academy goes live! - YAXS

NEWS_PDF_AUTHOR: jmass

NEWS_PDF_DATE: 2004/7/31 0:35:05

The Mission of Eton Academy is to educate students who will understand their learning styles and practice strategies that will prepare them for responsible independence, life-long learning and participation in school, family and community.

With the site's original live date being 4/1/2004, we are a bit late.

The site design was done on time but the content creation was delayed. In fact it is still not done. But, since I am not responsible for the content... I am done.

The site is:

<http://www.etonacademy.org>

Please let me know what you think of the design. I will be releasing the theme called obs_green very soon.
