

FCKeditor Integration Pack - Hacks

NEWS_PDF_AUTHOR: ralf57

NEWS_PDF_DATE: 2004/8/8 15:18:15

Hi Xoopsers,

I've integrated the well known FCKeditor 1.6 (compatible with IE5.5 + only) into Xoops system. With this pack you'll be able to turn your XOOPS site into an amazing WYSIWYG publishing machine.

The pack includes a detailed tutorial which explains how to use the editor with News, WF-Section and Soapbox modules for both admin and users side.

Last but not least I've also included a hack which lets you show the full-size images by clicking on the thumbnails inserted in your stories.

The pack can be downloaded [here](#).

Please report any suggestions, help requests, congrats, etc [here](#).

ATB, ralf57
