The 2cnt (2 Column, No Tables) theme is now available for download!

Version: 0.01

Platform: Xoops 2.x

Weight: 10.2KB

Browsers Tested: IE 6.0 / Mozilla 1.7.2 / Firefox 0.9.3 / Netscape 7.1

Min. Resolution: 800x600dpi

License: Unrestricted 

Special Features:

Theme files contain 0 Tables - All CSS Layout

2 column Layout with Header

No images

Right column joined with Left column

Description: This is a very clean, fast, and professional looking theme that is well suited for businesses and non-profit organizations. The colors are muted and very easy on the eyes.

Preview:

Notes: This theme has only been tested with a default install of Xoops; therefore, I cannot guarantee compatibility with all modules. You may have to modify the code of 3rd-party modules so they won't break the theme. Due to the Smarty Template system's use of tables, this will not make your site 100% table-less.

TODO: Add custom Smarty template set to further enhance layout.

If you have any problems with this theme, that are **not** related to 3rd-party modules, please reply to this message or send me a PM through the Xoops PM system.

Thank You,

JMorris
