

New version (2b) of the event calendar - Modules

NEWS\_PDF\_AUTHOR: pascal

NEWS\_PDF\_DATE: 2002/3/15 11:06:16

The event calendar 2b is arrived, lot of modification and fixed bugs...

some news of this version:

- you can add events on days
- display events by days (listed by hours)
- display event in popup
- Possibility for authors (excepted anonymous) to modify or delete their events
- Possibility to moderate the events
- and the next new, a bloc has been added and display the events of the day... if there is no events of the day, the bloc display automatically a random event...

You can see the event calendar and download it to <http://www.xoopsien.net>...
