

## Email notification on Private Message - Hacks

NEWS\_PDF\_AUTHOR: marcan

NEWS\_PDF\_DATE: 2004/11/15 15:20:00

Hello fellow Xoopers !

The SmartFactory has just published a little hack that suddenly makes my life much easier. Let me explain !

Maybe I'm a bit lazy, but I often don't log to a site unless I need to. This causes an obvious problem : if people send me Private Message, there is a good chance I won't see it right away. Since we live in an 'instantaneous society', I like to receive PM... instantaneously 😁

So I did a little hack allowing users to get notified by mail whenever they receive a Private Message. Of course, this only applies to users who have selected the Email notification method.

You can download this hack here : [Email notification on PM](#)

For any questions or comment, please visit [The SmartFactory](#).

Cheers !
