Hi there

247.gamesonline.ch is now back online. As might know, we where offline for a short time to rearrange our site. Now since that, we have new features includes... such as a picture gallery. For Clan Member up to 10MB.

Any way have a look at<http://247.gamesonline.ch> and let me know what you think.
By the way 247 is still looking for Clan Members. 247 is a Pure Fun Lan Clan, so no need of fixed trainings!

Thanks ...
