

My First Xoops Site - YAXS

NEWS\_PDF\_AUTHOR: scorpion

NEWS\_PDF\_DATE: 2004/12/6 7:38:43

[Tai Cheong Metal Manufactory](#) is my first site that use XOOPS to develop, I decided to use XOOPS after I've tried XOOPS for 2 days, I am really glad that I find XOOPS finally, it is really flexible to do what I need and lot of already made modules to make my life easier although I am not an experienced programmer.

Thanks you guys to make this good program.  
Feel free to leave any comments.
