The migration to XOOPS represents the 4th major change in the look and feel of [Elegant Home Decorating Ideas](#).

All of the previous incarnations of this website had shortcomings; XOOPS, in combination with other available modules, does everything that a webmaster could want. I have to admit to not trying PostNuke, or mambo. But, I'm happy.

If any of you are interested in any way with home decor, please check out my site, and leave a comment, or three.
