

SuperSpotlight Version 2.2 - Modules

NEWS_PDF_AUTHOR: vinit

NEWS_PDF_DATE: 2004/12/29 23:20:56

Hi,

Recently GuitarGearHeads.com and Brandycoke.com release SuperSpotlight BETA to the Xoops community. This one had few issues in relate to mini spotlight.

I have worked upon it to fix following thigns

1. Takes automatic latest news from various topics. Thus now if a mini spotlight is selected it points to latest news in that given topic.
2. Custom text can be placed for topic (as in earlier version) Thus the latest news can have a different text on the front page.

[DOWNLAD HERE](#)

Upcomings are varios presentation formats. Since automatic update issue is fixed now

Do let me know how do you feel about this.

All Credit goes to intial developers, i just modified to meet some of basic requirements.
