Barr Family website (new theme) - Themes

NEWS_PDF_AUTHOR: beerMe

NEWS_PDF_DATE: 2005/1/8 9:07:55

The *content* of [this site](#) won't mean much to any of you, but you may like the *new theme* I built for it, called "bluebarr." It's based on my earlier Sunshine theme, which in turn is based on Ackbarr's "karate redux" theme. If anyone is interested to use the theme, let me know (by commenting on this news item) and I'll zip it up and submit it to xoops.org.

Theme notes:
The random quote that appears in the banner area is actually a center-right block, which means you can't use center-right blocks on the rest of the site. You could put a news ticker, stock quotes, or anything else up there, as long as the height of the block isn't so big as to wreck the banner area.

When a user or admin logs in to the site, the View Account Edit Account, Logout, and Admin Menu links (which normally appear in the User Menu) appear in the same row where the Register Now link appears. Therefore, I have hacked the User Menu to show only Notifications and Inbox, and have renamed the User Menu to "Messaging."
