Release of IMAGO09 Theme - Themes

NEWS_PDF_AUTHOR: maclinks

NEWS_PDF_DATE: 2005/2/8 13:06:39

IMAGO09 Theme is now released, please download here:
http://www.imagocn.net/theme/modules/mydownloads/singlefile.php?cid=2&lid=10

This version has been tested in IE and FIREFOX environment(not tested in MAC, we are appreciated if you may tell us either style.css or styleNN.css is suitable for MAC, the default design is idstyle.css).

It is a first theme for XOOPS designed by IMAGO that is based on W3C CSS DIV lable without table. If any problem, please contact us from
http://www.imagocn.net/theme/modules/ipboard/index.php?act=ST&f=1&t=186
