

xyp4all - Keeping Track of People! - Modules

NEWS\_PDF\_AUTHOR: gniknalu

NEWS\_PDF\_DATE: 2005/3/10 23:13:52

With the release of version 1.57 of **xyp4all**, XOOPS finally has a flexible way to keep track of contacts. They can be organized into different regions, categories or even relationships. You can add different roles - administrative, functional or whatever you choose. Each can have a picture, a description and you can even add comments. And the list continues.

Another alternative use is for a family tree or keeping track of your genealogy!

Enjoy!
