

Wysiwyg Editor & GroupAccess Functions: Update - XOOPS

NEWS_PDF_AUTHOR: Anonymous

NEWS_PDF_DATE: 2002/4/4 1:35:18

Update both the Wysiwyg editor and the GroupAccess functions.

Wysiwyg Editor:

Fixed broken images when using multiple forms

Fixed (br) dedoubling and (p)(br) explanations

Added default display font setting to match site

GroupAccess Functions:

Made explanations in php file easier to understand

Fixed a query bug not working

And another lil thing.. forgot what, lol

You can grab either files from [here](#).

Cheers 🍷
