The SmartFactory has just released a bug fix version of SmartPartner. It is still a beta but if we can get some feedback on it, we will be able to release a Final version within a couple of days. You can download it here : SmartPartner 1.0.1 Beta 1. Please report any bugs or suggestions in the module trackers.

Here is the changelog :
Quote:

=> Version 1.0.1 Beta 1 (2005-03-28)
==================================

- A bug was causing a fatal error in the user profile
- The search feature had some bugs that are now fixed
- The index page was not displaying the logo properly under IE
- The upload of a jpg file is now fixed
- The code of the module has been improve to facilitate the renaming of the module folder (see changing_directory.txt)

Thanks for your help ! 😃
