I am pleased to introduce XOOPS to Joy Magazine, a New Zealand based magazine for Christian ladies.

I was conducting a XOOPS training session at my church (<http://www.albanycc.org.nz>) when Bob McLaughlin, the Joy Magazine webmaster attended as a guest.

Well, Bob was reasonably impressed and in a short time was able to create a brand new high quality website using XOOPS and a free theme from 7dana.com. Bob is now building more websites with XOOPS technologies.
