

Auto Spectator - YAXS

NEWS_PDF_AUTHOR: BelaS

NEWS_PDF_DATE: 2005/4/20 17:51:23

Greetings, Xoopers. This is to announce Auto Spectator (<http://www.autospectator.com>), a new Xoops-powered site that features automotive industry news and new car model overviews.

The site currently has only a small percentage of the features we have planned for the future, but there is nonetheless already a good deal of information for automotive consumers and enthusiasts. We hope you will enjoy it.
