

Xoops Megapack on Xoops France - XOOPS

NEWS_PDF_AUTHOR: Alain

NEWS_PDF_DATE: 2002/4/11 23:10:12

A Megapack Xoops has been released by Anexia for [Xoops France](#)...

Launching install.php as you use to do in normal Xoops Installation, you will easily install all this:
VERSIONS :

Xoops v1.0 - RC2.0.2 + fr language + french themes + icons FR + smilies-pack1

(Note: english language is still present and it will be easy for you to turn french icons and french themes in your own language)

MODULES :

babe + buddy + filemanager + freecontent + glossary + guestbook + hovedmeny + khat + meta-generator + phone zone + sections v1.3 + sysinfo + top members

HACK :

- Redirection after connection (you can go on the home page and not on your profile page).
- Animated GIF to announce private messages.
- Avatars customisation.
- Last post author's nickname displayed in "Forums Last Discussions".

FIXES :

- Fixing "clicks on banners" counter bug...

This is a french version, but easy to turn to your language.

Grab it [here](#) and enjoy...
