Dear community of the XOOPS world! I am so glad to announce that Christian Information Portal (<http://christ4you.org>) that is a Russian project of Grace Fellowship Ukraine finally found the best resolution for secure portal system.

We have been using PHP-Nuke portal system for about 4 years, and after a lots of security and incompatibility sufferings we have found in this big world the best (as do gladly agree with you) portal and most secure system - XOOPS. Great thanks to the development stuff of XOOPS.ORG for this wonderful PHP driven WEB Portal System.

So, we do invite you to visit our resource at <http://christ4you.org> and just notice that one more XOOPS' based Portal appeared in Russian world!

Best regards and blessings,  
Victor Zhuromsky,  
Portal Administrator.

Dear community of the XOOPS world! I am so glad to announce that Christian Information Portal (<http://christ4you.org>) that is a Russian project of Grace Gellowship Ukraine finally found the best resolution for secure portal system.

We have been using PHP-Nuke portal system for about 4 years, and after a lots of security and incompatibility sufferings we have found in this big world the best (as do gladly agree with you) portal and most secure system - XOOPS.
