Skinning site based on XOOPS - YAXS

NEWS_PDF_AUTHOR: pinchecl

NEWS_PDF_DATE: 2005/5/8 8:20:00

I'm happy to let you know I was able to start my own site using XOOPS. Without any real experience I think XOOPS allowed me to set up a nice site, especially since there are so many great themes available. My site is dedicated to modifying your desktop by supplying skins and visal themes for Windowblinds, Sysmetrix, Rainlendar, wallpapers and many more.
