

The Friend Finder Module Released - Modules

NEWS_PDF_AUTHOR: Neon

NEWS_PDF_DATE: 2002/4/24 0:30:50

The Friend Finder (*Personal add system*) is up and running, you can to log in and add your details and you can also upload your picture (max 200x150 pixels or 20kb).

This module is still in Beta and I am hoping a programmer can pick it up and help out with further development. Have a look at [\[RMDFC\]](#) or you can download it for your own site.
