Kshop 1.17 On the road to a final release - Modules

NEWS_PDF_AUTHOR: kaotik

NEWS_PDF_DATE: 2005/7/7 19:09:03

This new version add's 2 major changes:
1- Mandatory fields are now controlled through preferences.
2- All colors and width's are configured in the css file.

I'm placing a feature lock on this version. If no bugs are reported I'll release a final version soon.

As usual you can see the new version in action at http://www.kaotik.biz
