

Pictureurl 1.2 - showing picture where you want - Modules

NEWS_PDF_AUTHOR: philou

NEWS_PDF_DATE: 2005/7/12 20:48:11

A small month since the first release of this module.

what's new in this release ?

It's no more necessary to hack the header.php

Other changes to improve the path.

You can now define an image for a relative url. You can define an image for a module but also for a special url.

ex : <http://www.mysite.org/module/news/>*

ex : <http://www.mysite.org/module/news/index.php&op=post>

you can do exactly what you want.

The doc is available in the admin area of the module.

enjoy
