

The Australasian Carnivorous Plant Society - YAXS

NEWS_PDF_AUTHOR: Zaphod

NEWS_PDF_DATE: 2005/7/17 8:51:37

The Australasian Carnivorous Plant Society has just gone live with it now using Xoops for the first time.

The Australasian Carnivorous Plant Society is a non-profit organisation formed in December 2002 to promote the cultivation, conservation and knowledge about carnivorous plants.

The Society aims to increase the availability of plants and seed, through the Society's Seed Bank, trade of plants at meetings, regular swap meets and free space on this web-page to members wanting to buy, swap or sell plants.

Come and have a look at us:

Thanks to the Xoops developers for all their hard work and special thanks to the member for answering my relentless support questions.
