

ZentrackXoops v2.5.5.2r2 - Modules

NEWS_PDF_AUTHOR: dkeir

NEWS_PDF_DATE: 2005/7/18 7:13:21

ZentrackXoops Release Candidate 2.5.5.2r2 has been released and fixes the date select problem with the calendar. A replacement calendar component has been used and seems to work much better within the Xoops environment.

Existing installs of 2.5.5.2r1 only require the r1-r2_patch file.

Files can be downloaded from [ZentrackXoops on Sourceforge](#)
