I just thought I'd post an article here.

I'm a new user of xoops, I've been "playing" with it for the last few months and I'm starting to get the hang of things.

Thought I'd share our family of xoops sites. I created a site for each member of our family -

My wife <http://www.julietsmith.com>

My self <http://www.djriel.com>

My daughter <http://www.natashafree.com> and

My son <http://www.orionpeace.com>

Check them out and tell me what you think :)

Also did these sites <http://www.minirockstars.com> and <http://www.tmbk2.com> for some friends. 🤖
