

XOOPS Multilanguages 2.0.3 for XOOPS 2.0.13.1 - Modules

NEWS_PDF_AUTHOR: marcan

NEWS_PDF_DATE: 2005/8/19 16:16:28

As a new version of XOOPS just got out, [The SmartFactory](#) is proud to release its updated multilanguage hack : XOOPS Multilanguages 2.0.3, supporting XOOPS 2.0.13.1 ! Please note that XOOPS Multilanguages 2.0.3 **only works with XOOPS 2.0.13.1**. You can download the package here : [XOOPS Multilanguages 2.0.3 Final](#).

Please carefully follow the instructions in the ReadMe.txt file as it contains **VERY important informations**.

If you are upgrading from XOOPS 2.0.13 with XOOPS Multilanguages 2.0.2, you can follow the instructions of XOOPS_2.0.13.1_ML_2.0.3/ReadMe.txt in order to upgrade to XOOPS 2.0.13.1 and XOOPS Multilanguages 2.0.3 in 1 step.

If you don't know what XOOPS Multilanguages is and you would like more info, have a look here : [Learn more about XOOPS Multilanguages](#).

If you would like to see the complete changelog, have a look here : [Complete ChangeLog](#).

Support for this package is offered on [XOOPS Multilanguages Support Forum](#).

As usual, any feedback is always welcomed !
