Moderator Team Volunteers Needed! - XOOPS

NEWS_PDF_AUTHOR: JMorris

NEWS_PDF_DATE: 2005/9/27 10:50:00

After a very productive discussion between Core Team and numerous members of the community, it has been decided to go forth with the Moderator Team. We are now seeking volunteers to fill the position of Forum Moderators.

The responsibilities of Forum Moderators will include, but are not limited to:

- Help keep the forums clean (refer to XOOPSiquette and Terms of Use)
- Be responsible for the quality of the forum
- Move threads into more appropriate topics when needed
- Guide users to solutions using the XOOPS Documentation, FAQ, and the forum archives (search)
- Coordinate with the XOOPS Core Team to develop protocols and standards that define how to best handle situations on the forums as they arise.

We are in need of reliable people that are available during various "shifts" during the day. If you are interested in volunteering as a XOOPS Forum Moderator, please reply to this announcement by leaving a comment. The final decision of who is selected to be a Forum Moderators will be decided by the XOOPS Core Team.

Thank you,

James Morris
