

XOOPS LDAP Authentification - XOOPS

NEWS_PDF_AUTHOR: pemen

NEWS_PDF_DATE: 2005/10/6 15:40:00

I upgrade the XOOPS Authentication system for XOOPS 2.2.x

This new version include :

- Active Directory support
- Allow user to bypass authentication method and directly login in XOOPS
- Code reorganisation
- Improve error handler

ROADMAP :

- Synchronisation system

Automatically at login

By cron job

- NT Server Support

In the future

- SSO Support : CAS, ...

Download here :

[Sourceforge Patch](#)

Please give feedbacks in this forum thread :
