Xdigitalnet is happy to announce the official opening of our Xoops Themes website <http://xoops-themes.xdigitalnet.com>

This site is going to be the official site for our Free and Paid themes releases and also for web support.

We also like to mention that the Free themes development will be based on donations, so if you really like our free themes and use it on a production site we please ask you to donate anything you can.( we are in the process to bring more free one's)

we also like to use the opportunity to call for others xoops designer to join the cause and use our site to showcase ,sell your xoops themes and partner with us.  
if interested please use the contact module.

thats all...Hoping the Best for the Future of Xoops
