The SmartFactory is proud to release version 1.0.5 Beta of its articles management module : SmartSection 1.0.5 Beta ! **What is SmartSection?** SmartSection is a section management module for your XOOPS site. It is intended to provide the best functionnalities of the **News** and **WF-Section** modules. The administrator would have the opportunity to use the module to manage *news*, *article*, *tutorials*, etc... It is intended to be complete, flexible and yet easy to use.

The module supports subcategories, has a fully integrated permissions system as well as a complete notifications system.

Made for XOOPS 2.0.x & XOOPS 2.2.x Series

This release will work on both XOOPS 2.0 and XOOPS 2.2.x. However, please note that it currently does not make use of the additional features of XOOPS 2.2.X

What's in version 1.0.5 beta?

- SEO function thanks to SUDHACKER
- Query count optimisation and other code optimisations
- Introduction of support fo XOOPS 2.2.x

Where can I get it ?

Carefully read the file upgrade.txt as it contains important informations about the steps that need to be performed in order to successfully upgrade to this version.

You can download the module here : SmartSection 1.0.5 Beta.

The language packs are available here : SmartSection Language Packs.

As usual, any comments, bugs or suggestion are welcomed on the SmartSection Support Forum.

Enjoy !
