

News module version 1.44 - Modules

NEWS_PDF_AUTHOR: hervet

NEWS_PDF_DATE: 2005/12/13 20:30:34

Hello,

A corrected version (1.44) of the News module is out. It only contains bugs corrections.

Download

You can download the module to [its current homepage](#)

Upgrade You can upgrade from **any previous** version, from the 1.1 to the 1.42 If you have doubts, simply follow this rule : - copy **all** the files to the module's directory (and be sure to erase existing files please) - launch <http://www.example.com/modules/news/admin/upgrade.php> - Go in the Xoops modules manager and update the module You can also read the file called *UPGRADE.txt* wich is provided with the module. Finally, you can consult the [FAQ Notes / Bugs / Problems](#) - There were no changes in the translations **Changelog** Quote:

Some corrections available in this version was made by Marcan and 5vision, thank you both ! > backendt.php, the "channel_category" tag now contains the topic's title (5vision) > When an article was submitted, the author was not alarmed of the article's approbation (marcan) > In the module's admin (index.php), there was a little typo in the html code used to create collapsable bars (5vision) > Newsletter and xml export, the final timestamp created to export datas was wrong (5vision) > XML export, some "titles" were change (from to) (5vision) > Some missing "index.html" was added. (5vision) > The template name "news_archive.html" was corrected (a border propertie was missing to the pictures tgas and a "" tag) (5vision)

Happy Xoopsing, Hervé
